

Learning sports skills and having FUN do not have to be mutually exclusive! Our teaching techniques maximize learning and fun while keeping kids very active. We aim to teach fundamental skills through active learning and participation, stress teamwork and sportsmanship, and strive to create an atmosphere that will enrich each child's sports experience. We achieve this by providing an exciting curriculum and enthusiastic, well trained instructors. While teaching and having fun are important, creating a SAFE and welcoming environment is the foundation that we build upon.
